## Take action and bring your ideas to life!

If you have ideas, then create a project! You'll be at the heart of the action and decision-making, use the skills you've learned at school and learn more about yourself. Don't forget to ask your teacher to sign you up for the OSEntreprendre Challenge. Prizes are awarded at the regional and provincial level.

“The sense of accomplishment of having a successful project and [feeling] the impact on your community, that lasts your whole life.”

Maria Laura, 16 years old, Collège des Compagnons, Capitale-Nationale
