## Scholastic Section

### Elementary and secondary school staff

Did you use your creativity in carrying out entrepreneurial experimentation with your students this year? Register your project for the OSEntreprendre Challenge to showcase their achievements!

### CEGEP and university students

Did you participate in an entrepreneurial initiative remotely or on campus? Register for the OSEntreprendre Challenge to tell us about it! You could even win a cash prize!

**Entrepreneurial experimentation**, the second lever in Education Through Entrepreneurial Spirit, helps to build identity, foster motivation and educational success, create a sense of satisfaction and fulfillment, and provide career guidance. Using this approach has enabled educators to revitalize their teaching practices and find greater enjoyment in teaching!

## Business Creation Section

### New entrepreneur

Have you made the leap into a new entrepreneurial adventure? Position your project by registering for the OSEntreprendre Challenge! You could expand your network, share your passion and even get the opportunity to go through the jury process to win a cash prize!

**Register by March 9, 2021, at 4 p.m.**
